

# PEDRO FERNANDEZ MORA

## IT / SOFTWARE ENGINEER

ingpedro1007@gmail.co

+34 666289855

DNI 60133726L

Address: Via Trajana B, 14, 08020, Barcelona, Spain    Nationality: Spanish    Age: 57 years

### Professional Summary

Seasoned IT and Software Engineer with 13+ years of expertise in full-stack development, AI applications, and system automation. Adept at designing scalable web solutions using PHP, Python, Django, Flask, and Laravel, with a strong focus on AI-driven tools (e.g., Deepseek-r1, Cursor). Proven track record in delivering 25+ freelance projects (2017–2025) and enterprise systems for diverse industries. Bilingual in English and Spanish.

### ACADEMIC QUALIFICATIONS

2007 - 2012      **IT ENGINEER** | [Instituto Universitario de Tecnología del Edo, Trujillo, Trujillo, Venezuela.](#)

2015 - 2016      **Master in Network Engineering** | [CIPSA, Barcelona, Spain.](#)

### TECHNICAL SKILLS

- Languages: PHP, Python, Java, JavaScript, SQL
- Frameworks: Laravel, Symfony, Django, Flask, CodeIgniter, Bootstrap
- AI/ML Tools: Deepseek-r1, Cursor, ChatGPT, Gradio, Sentiment Analysis, NLP
- Web Technologies: HTML5, CSS3, jQuery, AJAX, REST APIs
- Databases: MySQL, PostgreSQL, PDO, MySQLi
- Mobile Development: Android Studio
- Tools: PyCharm, Git, GitHub, WordPress

### LANGUAGES

❖ English: Native / Bilingual

❖ Spanish: Native / Bilingual

## **Freelance IT Engineer | Barcelona, Spain | 2017–2025**

**Designed and developed 25+ projects across AI, web, and management systems. Key highlights:**

### **❖ AI Applications:**

- Agentic AI Research Tool: Autonomous agent for multi-step online research and email reporting.
- CV Chatbot: AI-driven assistant for CV queries using reasoning and external tools.
- NLP Tools: Sentiment analysis, text summarization, and grammar checker powered by Deepseek-r1.

### **❖ Web Development:**

- Role-based authentication systems (Django, Flask).
- Integrated ChatGPT/translator apps (Flask\_GPT, Flask\_Translator\_AI).

### **❖ Management Systems:**

- Inventory, employee, and hostel management systems (Laravel, PHP).
- E-commerce platforms (Royal Store, Computerfever).

## 25 Projects designed and developed as a | Freelancer / 2017 - 2025

### ❖ Agentic-AI-Deep-Research

An agent that uses reasoning to synthesize large amounts of online information and complete multi-step research tasks for you, displays the information and then emails it to your email.

<https://github.com/ingpedrofernandez/Agentic-AI-Deep-Research>

### ❖ Agentic-AI-CV-CHatbot

An advanced type of AI that operates autonomously, using reasoning, planning, and external tools to achieve complex goals without constant human input. This one answers questions about your CV and any additional info that you put in a txt file.

<https://github.com/ingpedrofernandez/Agentic-AI-CV-CHatbot>

### ❖ AI-Powered\_sentiment\_analysis

AI-Powered Sentiment Analysis with Deepseek-r1 AI

[https://github.com/ingpedrofernandez/AI-Powered\\_sentiment\\_analysis](https://github.com/ingpedrofernandez/AI-Powered_sentiment_analysis)

### ❖ AI-Powered\_named\_entity\_recognitio

AI-Powered Named Entity Recognition with Deepseek-r1 AI

[https://github.com/ingpedrofernandez/AI-Powered\\_named\\_entity\\_recognition](https://github.com/ingpedrofernandez/AI-Powered_named_entity_recognition)

AI\_text\_summarizer

AI-Powered Text Summarizer with Deepseek-r1 AI

[https://github.com/ingpedrofernandez/AI\\_text\\_summarizer](https://github.com/ingpedrofernandez/AI_text_summarizer)

### ❖ AI-Powered\_Grammar\_Checker

AI-Powered Grammar and Spelling Checker with Deepseek-r1 AI

[https://github.com/ingpedrofernandez/AI-Powered\\_Grammar\\_Checker](https://github.com/ingpedrofernandez/AI-Powered_Grammar_Checker)

### ❖ AI-Powered-Text-Generator

AI-Based Text Generation with Deepseek-r1 AI

<https://github.com/ingpedrofernandez/AI-Powered-Text-Generator>

### ❖ AI\_text\_summarizer

AI-Powered Text Summarizer with Deepseek-r1 AI

[https://github.com/ingpedrofernandez/AI\\_text\\_summarizer](https://github.com/ingpedrofernandez/AI_text_summarizer)

### ❖ Django\_role\_auth

A role-based authentication app developed with Django

[https://github.com/ingpedrofernandez/django\\_role\\_auth](https://github.com/ingpedrofernandez/django_role_auth)

### ❖ Flask\_Translator\_A

Integrated Flask AI Translator

[https://github.com/ingpedrofernandez/Flask\\_Translator\\_AI](https://github.com/ingpedrofernandez/Flask_Translator_AI)

Designed and developed with PYTHON, CHATGPT, DEEPSEEK, FLASK, DJANGO, PYCHARM, GRADIO and CURSOR.

## 25 Projects designed and developed as a | Freelancer / 2017 - 2025

- ❖ Flask\_GPT  
Integrate ChatGPT in a Flask app  
[https://github.com/ingpedrofernandez/Flask\\_GPT](https://github.com/ingpedrofernandez/Flask_GPT)
- ❖ Flask\_Auth3  
A flask and python role authentication website  
[https://github.com/ingpedrofernandez/Flask\\_Auth3](https://github.com/ingpedrofernandez/Flask_Auth3)
- ❖ Flask\_AuthA  
User Role Website with admin functionality  
[https://github.com/ingpedrofernandez/Flask\\_AuthA](https://github.com/ingpedrofernandez/Flask_AuthA)

Designed and developed with PYTHON, CHATGPT, DEEPSEEK, FLASK, DJANGO, PYCHARM, GRADIO and CURSOR.

## PROFESSIONAL EXPERIENCE

### 25 Projects designed and developed as a | Freelancer / 2017 - 2025

- ❖ Design and development of Stock Management System. (2023)  
<https://github.com/ingpedrofernandez/Stock-Inventory-MS-Laravel>
- ❖ Design and development of Employee Management System. (2023)  
<https://github.com/ingpedrofernandez/Employee-MS-Laravel>
- ❖ Design and development of Beauty Parlour Management System. (2023)  
[https://github.com/ingpedrofernandez/Beauty-Parlour-MS \(github.com\)](https://github.com/ingpedrofernandez/Beauty-Parlour-MS)
- ❖ Design and development of Hostel Management System. (2022/2023).  
[https://github.com/ingpedrofernandez/Hostel-MS \(github.com\)](https://github.com/ingpedrofernandez/Hostel-MS)  
Design and development of Doctor Appointment Management System. (2022)  
[https://github.com/ingpedrofernandez/Doctors-Appointment-MS \(github.com\)](https://github.com/ingpedrofernandez/Doctors-Appointment-MS)
- ❖ Design and development of Cyber Cafe Management System. (2022)  
[https://github.com/ingpedrofernandez/Cyber-Cafe-MS \(github.com\)](https://github.com/ingpedrofernandez/Cyber-Cafe-MS)
- ❖ Design and development of online shopping store Computerfever Management System (2022)  
[https://github.com/ingpedrofernandez/Computer-Store \(github.com\)](https://github.com/ingpedrofernandez/Computer-Store)
- ❖ Design and development of online shopping store Royal Store. (2022)  
[https://github.com/ingpedrofernandez/Royal-Store-online-store \(github.com\)](https://github.com/ingpedrofernandez/Royal-Store-online-store)
- ❖ Website and blog for AMATISTA-JOURNEYS. (2020 / 2021)  
[https://github.com/ingpedrofernandez/Amatista\\_journeys\\_blog \(github.com\)](https://github.com/ingpedrofernandez/Amatista_journeys_blog)
- ❖ Website and blog for AMATISTA. (2020 / 2021)  
[https://github.com/ingpedrofernandez/Amatista: Un blog para Amatista Journeys \(github.com\)](https://github.com/ingpedrofernandez/Amatista)
- ❖ Design and development of Restaurant Management System for Wawas in Barcelona, España. (2019 / 2020)
- ❖ Design and development of the intranet of the Serpentario de Trujillo, Venezuela. (2018 / 2019)
- ❖ Design and development of the online dating web application CHICASVIP.CLUB. (2017 / 2018)

Designed and developed with core PHP, frameworks SYMFONY, LARAVEL, html5, css3, JavaScript, Jquery, mysql, Ajax, mysqli, PDO.

## **DWI Estudios | Sant Boi de Llobregat, Barcelona. / 12/2016 – 06/2017**

Web Designer / Programmer

<https://estudiosdwi.com/>

Designer and developer of the web sites <http://intranet.eshi.es/> and <http://eshi.es/acceso-cliente/> with their respective databases.

Developer in the developing team of the web site <http://dev.icondiet.com/> with its respective database.

Developer of the Icondiet app <http://mobileapp.icondiet.com/> (PHP, HTML5, CSS3, JAVASCRIPT, MYSQL, AJAX, MYSQLi, PDO, JAVA, CODEIGNITER, JAVA, ANDROID STUDIO).
